

ROUTEPADS

Full

Allows the mating devices that work hand-in-hand to easily be carried by the user. Hand held OP Case can be removable for charging or swapping out units.

Express

A condensed version of the RoutePad is ideal when less accessories accompany the devices.

Compact

This highly compact version of the RoutePad is perfect for mobile workers to carry a small bundle of devices.

InstaPrint

A simplistic version of the RoutePad in which two components are conveniently carried in a small package.

Hand Truck

Allows for storing and mounting a mobile computer and compatible printer on a hand truck for easy access.

Routing Portfolios

For storing a mobile computer with a compatible printer within a zippered portfolio for increased efficiency and organization.
